FOR IMMEDIATE RELEASE

EZCheck Releases *EZVerify* – Check Verification/Guarantee on Smart Phones.

Houston, TX – EZCheck, an information and payment services company offering the most advanced check services in the industry including electronic check conversion, ACH, and remote deposit capture, today announced they have released *EZVerify*, their mobile check verification and guarantee service for use with multiple Smart Phones including the Apple® iPhone.

EZVerify allows users to enter check data into a Smart Phone and access the EZCheck authorization system for real-time check verification and guarantee. Any web-enabled Smart Phone can support *EZVerify* when the user enters a valid *EZVerify* userID and password.

“By being one of the first check authorization companies to have a Smart Phone service such as *EZVerify*, EZCheck continues to offer both its customers and sales partners new ways to add value and solutions that are in high demand” said EZCheck President and CEO Randy Rutledge. “Additionally, *EZVerify* via a Smart Phone allows merchants needing the benefits of check verification and guarantee to access this service with virtually no added upfront expense.”

About EZCheck

EZCheck is a leading information and payment services company serving thousands of businesses nationwide in a wide variety of industries. As one of the initial pioneers in electronic check conversion at the retail point-of-sale, EZCheck has leveraged its advanced technology and systems to expand its product line into adjacent markets including remote deposit capture, back office conversion, accounts receivable conversion, recurring payments and checks by phone services. In addition, EZCheck provides a complete line of check guarantee, check verification and collection services to the business community and is ranked among the top providers of check services in the country. EZCheck is dedicated to providing unsurpassed value and service to its customers. The company markets through a national network of independent sales organizations and supports operations from its headquarters in Houston, TX.
