#### **FOR IMMEDIATE RELEASE**

### **EZCheck Now Available on eProcessing Network's Payment Gateway**

**Houston, TX** – EZCheck an information and payment services company offering the most advanced check services in the industry and eProcessing Network a software development company specializing in secure, real-time transaction processing services and support, today announced that EZCheck's e-check services such as ACH processing and Checks By Phone are now available on eProcessing Network's Online Terminal, ePNPlugIn, ePNJPOS software, ePNCart, and multiple web integration methods.

This new offering allows ePN and EZCheck agents and resellers to offer merchants an integrated solution for e-check processing that allows one single gateway to support multiple payment options.

*"As the market continues to look for integrated and online solutions to payment processing, our ability to work with the eProcessing Network gateway will be an exciting product offering,"* said EZCheck Senior Vice President Don Singer. *"eProcessing Network's reputation for top notch products backed by outstanding support and service will provide EZCheck agents and resellers a superior product that is easy to sell and implement."*

*"Our reseller channel is continually looking for product enhancements and options so offering EZCheck's e-check services was a natural fit for us due to their strong agent and customer support and flexible product mix,"* said Steve Sotis, President of eProcessing Network.
